Our Legacy

Carpets of Kashmir is a third-generation company headquartered in Mumbai, India. We are manufacturers, retailers, exporters, and wholesalers of exquisite handmade carpets and rugs that are made across our various workshops in North India.

One of our key area of specialization is manufacturing bespoke, custom-made rugs that are created in collaboration with artists and designers from diverse verticals like, textiles, architecture, furniture, décor, sculpture, and even music! We can custom-make rugs in any design, colors, size, materials, and quality, as per your specific requirements.

We've a ready inventory of over 2000 rugs in diverse sizes, colors, designs, styles, construction variations, and materials such as Highland Kashmir wool, New Zealand wool, mulberry silk (natural cocoon silk), viscose (artificial silk), and tencel or bamboo silk (both are organic silks).

The range of our products is endless.

Bespoke: Custom Made Rugs

A close-up photograph of a person's hands working on a traditional rug loom. The person is using a dark, curved tool to weave a colorful patterned rug. The rug features a complex geometric design in shades of blue, orange, and white. The loom is made of dark wood and is set up in a workshop environment. The background is slightly blurred, showing more of the workshop and some other people working.
